

Jefferson Gonzales

IT Support Specialist

Sucat, Muntinlupa City | 0960 690 8528 | jeffersongonzales.hs@gmail.com

Portfolio: portfolio-it-umber.vercel.app

PROFESSIONAL SUMMARY

IT Support Specialist with 3 years of hands-on experience in hardware and software troubleshooting, repair, and maintenance for desktop computers, laptops, and POS (point-of-sale) systems. Skilled in operating system installation, system optimization, preventive maintenance, end-user technical support, and remote troubleshooting, with working knowledge of basic networking and LAN setup. Background also includes a government internship focused on hardware servicing, data encoding, and documentation. Known for being dependable, detail-oriented, and a clear communicator who works well with both technical teams and non-technical end-users to keep operations running smoothly.

CORE STRENGTHS

Customer Service & End-User Support • Problem-Solving & Troubleshooting • Time Management & Multitasking • Team Collaboration • Adaptability & Fast Learning • Attention to Detail • Bilingual Communication (English & Filipino)

TECHNICAL SKILLS

- **Hardware Support:** PC and laptop assembly, troubleshooting, and repair; hardware diagnostics and component replacement (RAM, storage drives, power supply); BIOS/UEFI configuration; printer, scanner, and peripheral setup and troubleshooting; POS hardware troubleshooting and maintenance; preventive maintenance and equipment servicing
- **Software Support:** Windows OS installation, configuration, and troubleshooting; driver and software installation/deployment; system optimization and performance tuning; virus and malware removal; data backup and recovery; remote desktop support (AnyDesk, TeamViewer); Microsoft Office Suite (Word, Excel, PowerPoint, Outlook)
- **Networking (Basic):** LAN setup, cable management, and RJ45 crimping; IP configuration; basic network and Wi-Fi troubleshooting; router and switch setup
- **Other Technical Skills:** Data encoding and documentation; IT equipment and asset inventory management; end-user technical support and help desk assistance; basic IT ticketing and issue tracking
